

What is the Drug Repository Program?

The program developed a simple way to obtain available prescription medications in North Dakota for those who cannot pay for their medications, regardless of insurance coverage.

The program allows prescription drugs, devices, and supplies to be collected and distributed by local pharmacies and hospitals.

- Or ask your local pharmacy and pharmacists

How to Check for Items You Need...

1. Visit the North Dakota Board of Pharmacy website at:
www.nodakpharmacy.com
2. Click on **Prescription Drug Repository Program** link.
3. Search for a specific medication or device by clicking on **Search for Donated Drug**.
4. **Scroll** or **type** through the list of options and select your choice; then click **Enter** (leaving the participant window blank allows a statewide search).
5. Once the needed item is found, click on the highlighted **Participant** section for contact information on how to receive the medication or supply.

Note: Pharmacies may charge a small dispensing fee.

This is a great state program and is designed to be a resource available to patients in North Dakota who are looking for help in purchasing their medications and supplies.

The inventory changes week by week, so continue checking to see if medications or supplies become available. Once you have found an item you need, go to your local pharmacy and ask them to help you obtain the medication.

Providers and patients can access the website below for more information.
